SECTION 11.1

MODULAR WIRE SHELVING

A strong heavy duty modular wire shelving system that is ideal for coolrooms, commercial kitchens, warehouses, storerooms, garages and homes.

Comprising tubular posts and height adjustable shelves in a range of sizes.

All components are zinc plated and finished with a clear epoxy powder coat for maximum protection.

Both posts and shelves are flat packed in cartons of 4 pieces. However, they are priced as single units and can be purchased individually.

This is an extremely flexible and versatile system which can be dismantled and repositioned at any time while maintaining complete structural integrity.

Value Features:

- » Heavy duty construction.
- » Clear epoxy powder coat finish over zinc plating.
- » Suitable for coolrooms and commercial kitchens.
- » Easy to assemble and dismantle.
- » Wide range of sizes available.
- » Adjustable, levelling feet.

Heavy duty / High quality.

PART No.	DESCRIPTION

Adjustable Shelves

Shelves are adjustable in increments of 25mm.

Levelling Feet

Simply screw post feet in or out to level shelves on uneven floors.

Wire Construction

Maximises light and visibility of stored items and aids air circulation.

'S' Hooks

Can be used in place of extra posts in some circumstances.

PLEASE NOTE

UP TO 200KG PER SHELF.

Heavy duty construction and clear epoxy powder coat makes our system the premium product in its class. Don't be fooled by cheap imitations.
