

SECTION 5.11.3

COLLAPSIBLE CONES – Rubber base

A very high quality, durable collapsible cone suitable for emergency or maintenance work. Heavy rubber base adds improved wind resistance and durability. Internal R-way light is powered by 2 standard AAA batteries (included). Includes built-in reflective collars. Total weight 4kgs.

Value features:

- » Collapses from 720mm tall to 60mm.
- » Very stable in high winds.
- » In-built light can be set to flash or constant.
- » Powered by standard AAA batteries.
- » Very durable design.

PART No.	DESCRIPTION
BTC720C-RB	Collapsible cone with rubber base 720mm high

SECTION 5.11.4

100% RECYCLABLE

RETRACTABLE CONE BAR

A durable, lightweight retractable or extendable cone bar for temporary barricading applications. Made from tough ABS plastic with rubberized loops at each end and reflective bands for enhanced visibility. Reflective yellow with black.

Value features:

- » Durable and lightweight.
- » Extends from 1.2 to 2 metres.
- » Yellow and black bands.
- » Fits all standard cones.
- » Extendable cone bar.

RCB2.

PART No.	DESCRIPTION
RCB2	Retractable cone bar

SECTION 5.12.1

FLEXIBLE BOLLARDS – One Piece Flexi

A highly visible flexible polyurethane bollard that is virtually indestructible. Bright orange finish with reflective bands for increased night visibility. Use for lane delineation or identifying hazards, particularly in tight driving situations such as car parks etc.

Value features:

- » Durable one piece moulding.
- » Virtually indestructible (will not break or split).
- » Rebounds after impact.
- » Built in reflective bands.
- » Available in 2 handy sizes.

PART No.	DESCRIPTION
FBP450	Plastic flex bollard 80 x 450mm
FBP800	Plastic flex bollard 80 x 800mm

LEGEND

AUSTRALIAN CONTENT

This product has been designed, developed and is either completely or substantially manufactured in Australia. (The minimum Australian content is between 50 and 100%).

NEW AND UNIQUE

This is a new and unique product. It has either been designed, developed and manufactured by the Barrier Group Pty. Ltd. or it is being seen here for the first time.

100% RECYCLABLE

This product is manufactured from virgin grade raw materials and is 100% recyclable using existing, readily available recycling technology and services.

RECYCLED MATERIALS

This product has been manufactured from either a combination of recycled materials and virgin grade materials or entirely from recycled materials.

HOT DIP GALVANISED

This product has been hot dip galvanised prior to any surface coatings being applied. Hot dip galvanised offers vastly improved corrosion protection and extended life in harsh environments.

FIXINGS INCLUDED

This product comes complete with all the necessary fixings to complete the standard installation. When comparing competitors prices against our own, always ensure they have included the fixings with the product (excludes gravel spikes).

5 YEAR WARRANTY

This product carries a 5 year limited warranty against structural failure due to faulty materials or workmanship in our manufactured products, OR structural failure and major fading due to U.V. degradation in our injection moulded products.

(For full conditions visit www.barriergroup.com.au).
