## SECTION 5.15

## ILLUMINATED BATONS

A highly visible battery powered baton with two light settings, constant or flashing. Powered by two 'D' size batteries, it has been tested to over 300 hours. Lightweight but very durable. The baton is 540mm in length. Ideal for traffic management, outdoor events and emergency services.

### Value features:

- » Selectable for flash or constant light.
- » Requires 2 'D' size batteries (batteries not included).
- » Lightweight comfortable to use.
- » Long life, in excess of 300 hours per battery set.

Tested to over 300 hours on 2 'D' Cell batteries.

PART No.	DESCRIPTION
IBLR	540mm – Red illuminated baton

# LEGEND

## AUSTRALIAN CONTENT

This product has been designed, developed and is either completely or substantially manufactured in Australia. (The minimum Australian content is between 50 and 100%).

## NEW AND UNIQUE

This is a new and unique product. It has either been designed, developed and manufactured by the Barrier Group Pty. Ltd. or it is being seen here for the first time.

## 100% RECYCLABLE

This product is manufactured from virgin grade raw materials and is 100% recyclable using existing, readily available recycling technology and services.

## RECYCLED MATERIALS

This product has been manufactured from either a combination of recycled materials and virgin grade materials or entirely from recycled materials.

## HOT DIP GALVANISED

This product has been hot dip galvanised prior to any surface coatings being applied. Hot dip galvanised offers vastly improved corrosion protection and extended life in harsh environments.

## FIXINGS INCLUDED

This product comes complete with all the necessary fixings to complete the standard installation. When comparing competitors prices against our own, always ensure they have included the fixings with the product (excludes gravel spikes).

## 5 YEAR WARRANTY

This product carries a 5 year limited warranty against structural failure due to faulty materials or workmanship in our manufactured products, OR structural failure and major fading due to U.V. degradation in our injection moulded products.

(For full conditions visit [www.barriergroup.com.au](http://www.barriergroup.com.au)).
