

SCORPION WHEEL CLAMP

The Scorpion Wheel Clamp is a unique heavy duty wheel clamp capable of fitting a wide range of wheels from large 4WD to small sedans.

It is perfect for protecting vehicles, trailers, caravans etc. from theft. Steel jaws are clamped around the wheel using high tensile steel chain and our unique tensioning system.

The Scorpion can be fitted to any wheel on the vehicle, fits steel or mag wheels and does not require the removal of wheel trims.

Unlike most wheel clamps which attach awkwardly around both sides of the wheel, the Scorpion is fitted from the outside only. This makes it quick to fit and easy on the back. It weighs 12.5kgs making it easy to carry.

All parts pack neatly inside the wheel clamp for easy storage or transport.

Already in use by one of Australia's most senior enforcement authorities, the Scorpion is the perfect way to immobilise the widest range of vehicles.

Value features:

- » Fitted from side of wheel.
- » No need to remove wheel trims.
- » Fits a wide range of wheels.
- » Can be fitted to any wheel, front or rear.
- » Robust construction to resist vandalism.
- » Zinc plated to avoid corrosion.
- » Reflective sign face for night visibility.
- » All parts stored inside the unit when not in use.
- » Very compact for storage and transport.

Locking:	Padlock (order separately).

PART No.	DESCRIPTION
SC0R1	Scorpion Wheel Clamp

LEGEND

AUSTRALIAN CONTENT

This product has been designed, developed and is either completely or substantially manufactured in Australia. (The minimum Australian content is between 50 and 100%).

NEW AND UNIQUE

This is a new and unique product. It has either been designed, developed and manufactured by the Barrier Group Pty. Ltd. or it is being seen here for the first time.

100% RECYCLABLE

This product is manufactured from virgin grade raw materials and is 100% recyclable using existing, readily available recycling technology and services.

RECYCLED MATERIALS

This product has been manufactured from either a combination of recycled materials and virgin grade materials or entirely from recycled materials.

HOT DIP GALVANISED

This product has been hot dip galvanised prior to any surface coatings being applied. Hot dip galvanised offers vastly improved corrosion protection and extended life in harsh environments.

FIXINGS INCLUDED

This product comes complete with all the necessary fixings to complete the standard installation. When comparing competitors prices against our own, always ensure they have included the fixings with the product (excludes gravel spikes).

5 YEAR WARRANTY

This product carries a 5 year limited warranty against structural failure due to faulty materials or workmanship in our manufactured products, OR structural failure and major fading due to U.V. degradation in our injection moulded products.
