

EVENT FENCE

Event Fence portable barrier is a system of interlocking freestanding fence panels. Simply link Event Fence panels together to create continuous barricading for festivals, parades, sporting events or work sites. Optional forklift stillage makes storage and transporting of Event Fence panels simple and efficient.

Features:

- Fully welded steel construction, galvanised finish.
- Panels nest together when not in use to reduce storage space.
- Optional stillages are available for use with forklifts.
- Vertical bars eliminate climbing points.
- Panels are able to pivot at joints.
- Low profile removable feet reduce tripping hazards.

Material:	Fully welded steel construction.
Finish:	Hot dip galvanised.
Height:	1100mm.
Length:	2200mm.
Width:	490mm.
Weight:	16kgs.
Installation:	Freestanding panels, link together. No tools required.

PART No.	DESCRIPTION
